1. The Ministry of Public Works is at present drawing plans for the FDJ Hochschule Wilhelm Pieck which is to be constructed on Beggensee Lake, near Bernau (N 53/Z 96) \* The first phase of the construction will be completed sometime this summer.
2. A number of plans, which provided that the new buildings of the FDJ Academy be built in conformity with the terrain, were rejected, because Pieck had expressly demanded that the buildings be constructed in accordance with the principles applied to barracks installations. The buildings on the southern edge of the site are old, and upon completion of the new buildings are to be renovated as barracks.
